

# Notice

---

Transparency is important to us and we want to inform you about a current issue affecting one of our suppliers. Federated Co-operatives Limited (FCL) is experiencing a cybersecurity incident and as a result, is impacting some customer-facing systems, impacting Peninsula Co-op in two ways:

1. We are currently unable to process transactions at our three Cardlock locations.
2. We are facing disruptions in ordering grocery products from the FCL warehouse, which may cause delays or shortages until the situation is resolved.

As an alternative for your fuel needs, we welcome you to use one of our 17 retail gas stations. We are also trying to source as many local grocery products as possible to help keep our shelves full.

FCL has brought in third-party experts to investigate and resolve the issue as quickly as possible. While we do not have further details at this time, we are committed to providing you with regular updates as more information becomes available.

**Media inquiries** can be directed to Brad DeLorey at [Brad.Delorey@fcl.crs](mailto:Brad.Delorey@fcl.crs) or 306 541-7643.

We regret any inconvenience this may cause and appreciate your patience and continued patronage.
